From Past President Tod Dahle: Fellow Lions, we collected e-mail addresses to allow people to begin receiving electronic copies of the ND Lion. District Governor Duane Zwinger contacted me and informed me they were under the false impression Garrison Press would handle this. Unfortunately, this is not the case and they are in the process of looking for a possible solution. However, if you want to view an electronic copy you can get the ND Lion magazine by going to the 5NE web site <http://www.lionsof5ne.org/minutespublications.htm>. The magazine is under the title of publications.
